DETAILED ACTION

Election/Restrictions

1. Newly submitted/amended claims 21-24 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

Species I: claims 1-20 and 25-42, first embodiment; and

Species II: claims 21-24, second embodiment, including a feature of a spherical joint/ pivots.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 21-24 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Allowable Subject Matter

2. Claims 1-20 and 25-42 are allowed.

3. The following is a statement of reasons for the indication of allowable subject matter: see the action mailed on 3/22/05 for a reason for allowance.

Response to Arguments

4. Applicant's arguments filed on 5/6/05 have been fully considered but they are not persuasive, because claims 21-24 are

under issue of restriction by introducing not searched independent and patentably distinct species.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
